## MAJOR CONSTRUCTION PROJECTS TRUST VAPROSHIELD
## WRB/Air Barrier Membranes

**October 2016**

### REINVENTING NEW YORK CITY
### HUDSON YARDS  NEW YORK CITY  120,000 SQ.FT.

- Largest real estate development in American history

- WrapShield SA Self-Adhered WRB/Air Barrier easily installed in tight, urban working areas

- Rolls were unfurled, letting gravity do the work, and smoothed with a J-Roller
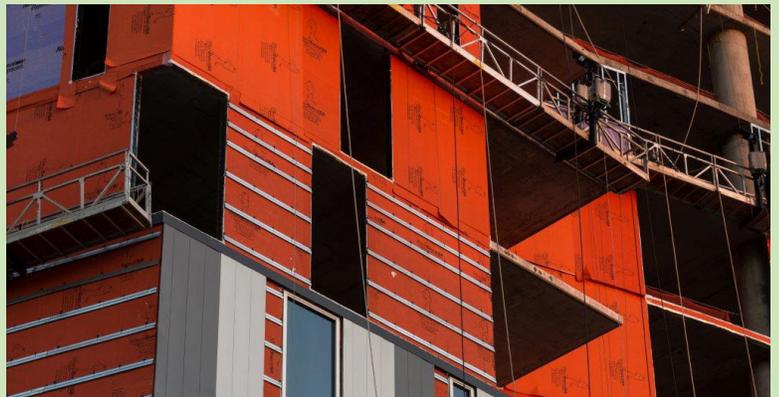

- Zero joint/substrate preparation required

### MARRYING HISTORY AND MODERN AESTHETICS
### BRIDGE ON RACE - PHILADELPHIA - 31,000 SQ.FT.

- Primerless installation, protecting workers, pedestrians and surrounding historic structures

- Historic architectural details preserved

- Installed behind aluminum composite panels

- Philadelphia's first LEED Gold building

- Pedestrian pathways were kept open to the public during application process

### DISCERNING LUXURY RENTALS
### THE CONFLUENCE - DENVER - 150,000 SQ.FT.

- Accelerated construction schedule due to extreme delays

- Demanding project timeline and weather conditions

- Wrapshield SA Self-Adhered required less labor and installed quickly
